

## Moisture Retention Mat

- Made from 100% recycled materials, 35% polypropylene and 65% polyester
- Protects waterproofing membrane
- Holds moisture beneath drainage layer
- Available in 3/16" or 3/8" thicknesses for maximum moisture retention in low precipitation zones
- Contains no organic material - will not decompose

### TECHNICAL CHARACTERISTICS

	WATER RETENTION	ROLL SIZE	SQ FEET PER ROLL	ROLL WEIGHT
MRM14	0.123 gal/sf	6' x 150'	900	84 lbs.
MRM30	0.201 gal/sf	6' x 75'	450	110 lbs.
